Part II Section C Line 17 a The organization meets the facts and circumstances test
because it maintains a continuous and bonifide program for solicitation of funds from the
general public and the community it serves. Many volunteers are involved in fundraising
events which generated gross income of \$44,170. It should be noted that the percentage of
revenue which comes from royalties skews the ratio of public support to the total. The
royalties are from oil and gas minerals which were bequeathed to the organization
Part II Section C Line 17 a years ago as non producing minerals. During the past five
years these minerals have been developed and have generated a very significant revenue
stream to the organization. They were in fact, the result of a testamentary gift and
should not cause the organization to be penalized because the revenue is large. This
revenue stream will fluctuate with the rise and fall of energy prices and depletion of the
mineral reserves so that it will eventually be exhausted. These funds are used in the
Part II Section C Line 17 a support of the programs which serve those affected by the
disorders and to fund medical research for better treatment methods for those suffering
from syringomyelia and chiari malformation and to pursue a cure.
